MANAGEMENT DISCUSSION & ANALYSIS

FINANCIAL REVIEW

Revenue

The Group's revenue for the Period was HK\$8.34 million, representing a decrease of 29.58% as compared to the same period of last year. The decrease was mainly attributable to the decrease in sales of Bioenergy bedding products and other healthcare products by 31.27% and 72.24% respectively as compared to the same period of last year.

Gross profit and gross profit margin

The gross profit of the Group for the Period was decreased by 46.71%, from HK\$7.04 million to HK\$3.75 million. The significant decrease in gross profit was mainly resulted from the decline in sales of Bioenergy bedding products and other healthcare products as resulted from the "Four prohibitions" which has badly battered consumers' interests in healthcare products.

The overall gross profit margin significant decreased by 14.46 percentage points to 45.01% as compared to same period of last year. Such significant decrease was mainly due to the decrease of gross profit margin in sales of Bioenergy bedding products by 21.53 percentage points to 50.18% from 71.71% for the period ended 31 December 2012.

Selling and distribution costs

Selling and distribution costs decreased by 33.78% from HK\$3.70 million in the same period last year to HK\$2.45 million, primarily due to the decreases in promotional and marketing expenses and travelling expenses which were a result of effective cost control of the Group.

Administrative expenses

Administrative expenses decreased by 16.44% from HK\$8.03 million in the same period last year to HK\$6.71 million, primarily as a result of the cost saving measures which were implemented in several stages during the Period.

Loss for the Period

The Group's loss for the Period amounted to HK\$5.17 million, representing an increase of 9.77% or HK\$0.46 million when compared to same period last year. The increase of the Group's loss was mainly attributed to the combined effects of the decrease in gross profit by HK\$3.29 million and the decrease in selling and distribution costs and administrative expenses by HK\$1.25 million and HK\$ 1.32 million respectively during the Period.

FUTURE PROSPECTS

To ensure growth is sustained over the long term, the Group will continue to leverage its research and development expertise to develop products desired by consumers. The Group continues to explore new products this year and expecting these products will bring favourable results for the Group in the coming year. The Group continues to optimize its product mix and put more efforts to develop higher profit margin's products to improve its sales and its profitability.

The Group also adopted measures and exploring other means to meet these challenges and to turn them into opportunities. The management will from time to time seek for investment opportunity in different industry that could enhance corporate development and broaden the income base of the Group. Meanwhile, the management will continue to review the performance of existing businesses and seek for any investment opportunity in fast growing industry. SEEKING FOR INVESTMENT OPPORTUNITIES IN DIFFERENT INDUSTRIES THAT COULD ENHANCE CORPORATE DEVELOPMENT AND BROADEN THE INCOME BASE OF THE GROUP

The management will from time to time seek for investment opportunity in different industry that could enhance corporate development and broaden the income base of the Group.

As disclosed in the announcement dated 12 August 2011 issued by the Company, the Company entered into a sale and purchase agreement on 2 August 2011 for the acquisition of 90% shareholding in Express Time Enterprises Limited ("Express Time") at the consideration of HK\$108.50 million, a company which indirectly owns 74% interest in a piece of land situated in Xuzhou City, Jiangsu, the People's Republic of China which can be used for commercial building development. The proposed acquisition constitutes a major acquisition for the Company.

The sale and purchase agreement for the proposed acquisition was subsequently amended by a first supplemental agreement dated 30 March 2012, a second supplemental agreement dated 27 December 2012, a third supplemental agreement dated 30 June 2013 and fourth supplemental agreement dated 30 December 2013, pursuant to which the long stop date for the fulfillment of the conditions precedent to the completion of the proposed acquisition has been postponed to 31 December 2014.

As disclosed in the Company's announcement of 30 December 2013, despatch of the circular for the aforesaid proposed acquisition would be postponed to a date not later than 30 April 2014. The Company is currently in the process of preparing the circular, as additional time is required to prepare the financial information of the Company and its subsidiaries and of Express Time and its subsidiaries to be included in the circular.

The board of directors is of the view that, notwithstanding the time lapse since August 2011, the proposed acquisition will still be beneficial to the Company and its shareholders as a whole when completed, since the board of directors expects that the commercial building development on the land in Xuzhou City and the entering into of the whole-sale market business can diversify the Group's business and will bring a sustainable and steady cash flow to the Company.

Although there has been an extended delay in completing the proposed acquisition, the Group has not incurred substantial amount of costs or fees in relation thereto since August 2011. Further, the extended delay is due to the vendor's failure to timely provide the outstanding financial information as aforementioned (despite repeated requests of the Company) and which is not within the control of the board of directors. The Company will continue to exert pressure on the vendor to obtain the outstanding financial information in order to publish the relevant circular and complete the proposed acquisition as soon as possible.
